MEETING GOAL:

To engage state and community partners in developing and implementing coordinated hypertension management strategies across Federally Qualified Health Centers in South Carolina.

MEETING OBJECTIVES:

- 1) Increase awareness of Million Hearts® strategies and activities for 2020
- 2) Develop strategies for increasing patient engagement and activation in hypertension self-management
- 3) Identify opportunities to collaborate with community partners to address patients' social and economic needs
- 4) Develop strategies to maximize patient visits to support hypertension management

MEETING OUTCOMES:

Attendees will initiate plans to align and sustain efforts to manage hypertension in South Carolina.

ORGANIZATIONS:

Registered as of August 28, 2020
