

Requesting a Precision Medicine Platform Workspace

Workspaces are available to Heart Failure Data Challenge participants free of charge from March 16 – September 16, 2021. Please note, all users must be registered on the Precision Medicine Platform (PMP) prior to requesting a workspace.

1. If not already [registered](#) on the PMP, please do so first.
2. [Login](#) to the PMP
3. Go to the Search page in the top navigation bar and scroll to the bottom of that page and click “Request Workspace”. Do not check any of the dataset boxes.

4. A pop-up window will appear asking if you want to continue without selecting any datasets; click “Yes” to proceed.
5. Users are brought to the Details section. Working from top to bottom, follow the steps and visual aid below:
 - a. Existing users should select their workspace while all new PMP users need to check the “Create a New Workspace” box
 - b. Check “No” to the grant applicant button.
 - c. Please keep the default “Single Node CPU Instance” node configuration
 - d. Users should only adjust the bar for known sizes of datasets they plan to import into PMP. If unknown, do not adjust. Workspace sizes can be adjusted if necessary at a later date.
 - e. Users requiring use of GWTG-HF data should enter, “Data Challenge - GWTG-HF data requested” while users not needing access to GWTG-HF data should enter, “Data Challenge, no GWTG-HF data”. Note, as stated in the [registration](#), prior to receiving access to GWTG-HF data, a completed NDA-DUA is required.
 - f. Check both boxes to agree to the terms. Challenge participants will not be charged for their workspace.
 - g. Click “Next” to the proceed. (Note, a popup box will appear asking about billing, click ok since challenge participants receive workspaces free of charge for the duration of the challenge.)

The screenshot shows the 'Workspace Details' step of a workspace creation process. The interface includes a navigation bar with 'Learn', 'Search', 'My Requests', 'Workspace', 'Resources', and 'About'. The main content area is divided into two steps: '1 Workspace Details' and '2 Review and Payment'.

Workspace Selection: A dropdown menu for 'Select an existing Workspace' is present, with a red arrow pointing to it from annotation 'a'. Below it, the 'OR' separator is followed by a checked checkbox for 'Create a New Workspace', also pointed to by a red arrow from annotation 'a'.

Are you an AHA Grant Applicant?* This question has two radio button options: 'Yes' and 'No'. The 'No' option is selected, with a red arrow pointing to it from annotation 'b'.

Select the Workspace configuration you would need: Three configuration options are shown in cards:

- Single Node CPU Instance:** Amazon Linux, CPU 4, Memory 16GB. This card is highlighted with a red border and a red arrow from annotation 'c'.
- Single Node GPU Instance:** Amazon Linux, CPU 8, Memory 61GB.
- Auto Scaling Cluster:** Cluster, CPU 8 - 32, Memory 32GB - 128GB.

Data Import: A slider bar is labeled 'How much data will you bring to the platform'. The slider is set to 0, with a red arrow pointing to it from annotation 'd'. Radio buttons for 'GB' (selected) and 'TB' are also present.

Researcher Purpose*: A text input field is shown with a red arrow pointing to it from annotation 'e'. The field contains a blacked-out area.

Agreements: Two checkboxes are checked:

- 'I agree to the Terms of Service'
- 'I agree to pay based upon my or my team's use of this workspace'

 A red arrow points to these checkboxes from annotation 'f'.

Navigation: At the bottom, there are 'Cancel' and 'Next' buttons. A red arrow points to the 'Next' button from annotation 'g'.

6. Complete the address information and click submit. This step is necessary; participants will not be billed. (See visual aid on next page.)

1 Workspace Details 2 Review and Payment

Billing Address

7272 Greenville Ave

American Heart Association

Dallas TX

75231 United States

data@heart.org

Back

Enter address to complete request. All data are required

Click "Submit" when complete.

A screenshot of a web form titled "Workspace Details" (step 1 of 2). The form is for a "Billing Address" and contains the following fields: "7272 Greenville Ave", "American Heart Association", "Dallas", "TX", "75231", and "United States". Below these fields is an email field containing "data@heart.org". At the bottom left are "Back" and "Submit" buttons. Two red arrows point to the address field and the "Submit" button, with red text annotations: "Enter address to complete request. All data are required" and "Click 'Submit' when complete." respectively.

7. Once complete users will see a Request Submitted Successfully page. Note, it may take up to 48 hours to provision a workspace.
